AFRIDU

AFRIDU Tripod Stand On Integration Of The African Diaspora.

African Diaspora Union (AFRIDU) putting into consideration the May 25th 2012 Declaration of the Global African Diaspora Summit held in Sandton Johannesburg, South Africa, and recognizing the decision at the summit to encourage the Diaspora to organize themselves in regional networks and establish appropriate mechanisms that will enable their increasing participation in the affairs of the African Union as observers and eventually, in the future, as a sixth region of the continent that would contribute substantially to the implementation of policies and programmes; and recognizing the summit agreement to continue to integrate the African Diaspora agenda in its engagement with international partners; African Diaspora Union (AFRIDU) recognising the diverse cultures and languages of the African people all over the world; the diverse historical facts of all the African and black people all over the world; believes in the Tripod Stand of Integration of the Diaspora:

1. Those African Diasporas who wish to return to their motherland Africa and become part of Africa and participate in every endeavour as Africans with full rights of African citizenship.
2. Those African Diasporas who believe in investing in Africa and become part of the African businesses and economy.
3. Those who wish to identify themselves with the African culture and inheritance through their genealogy with intention of participation in all African affairs, but not having the intention of returning back to Africa their motherland.

African Diaspora Union therefore incorporates into a larger unit the diverse units of plans and dreams of different African peoples and form alliance with different countries and regions of African or Black peoples to actualize their dream of return to Africa or invest in Africa or identified in Africa through cultural integration through an all inclusive vision.
